### ABOUT ONE MILLION. CHEKIB BEY A CALLER

Conservative Estimates Put Damage at Those Figures.

### LITTLE ONES KILLED. FIERCE ENCOUNTER.

A Cyclone Passed Over Three Florida Counties and Houses Were Unroofed and Crops and Trees Ruined.

Jacksonville, Fla., Sept. 15.—Only meager reports were obtainable Tuesday from the storm visited districts of this state, as communication with the sections which were visited Saturday by the hurricane has been only partially established. No reports have yet been received from middle Florida, where it is now feared the loss will be more severe than at first estimated. Every wire has been lost to that section and it seems there are little prospects of the re-establishment of communication soon, although telegraph companies are doing all within their power to restore the service.

Additional reports are coming in slowly by mail and passengers, and even these reports are delayed, as all trains in the wind-swept sections are running irregularly and all mails are more or less late.

It is feared the loss of life will be increased when full information shall have been received. Near Lake Butler two children were killed by a tornado, which passed over Alachua, Bradford and Columbia counties. At Hale, a small village near Lake Butler, twenty houses were unroofed and destroyed and crops and fruit trees ruined. Communication has been restored with Tampa, but all wires south of that place are still down.

The loss to property is inestimable, although conservative figures now place the damage at \$1,000,000.

### FRUIT HURT.

Oranges and Pineapples Have Sustained Tremendous Losses.

Jacksonville, Fla., Sept. 15.—In the western portion of the state all wires are in bad condition and all means of communication demoralized. Reports are coming in slowly from the interior, adding to the general damage, and rumors are rife of severe damage being wrought in portions of the state which are not yet heard from. Cedar Keys and Pensacola, in addition to other places along the coast, have been seriously damaged, but the loss can not be learned. West and south there is no communication, and it is reported that Fort Meyers, St. Petersburg, Punta Gorda and Punta Rassa have suffered damage. Damage to the orange crop is reported to be heavier than at first thought, and it is estimated now that the loss in some sections will be 50 per cent of this year's crop. Other tropical fruits are also damaged. It is understood the pineapple sheds in some sections of the east coast have been destroyed, and in some places plants have been blown out of the ground or covered by sand. In the path of the tornado it is stated that fully 15 per cent of all the pine trees have been leveled to the ground, causing great loss to the turpentine industry. A general summary indicates the fury and destruction of the storm caused losses amounting to hundreds of thousands of dollars.

### Sighted Many Wrecks.

Havana, Sept. 15.—The captain of the steamer Vigilancia, from New York Sept. 10, which arrived here Monday, reports the vessel sighted many wrecks on the Florida coast, one of them being ten miles north of Jupiter, where a schooner had been wrecked. Her crew is ashore. Further south a Standard oil barge is stranded, and thirty miles south a Spanish steamer from Bilbao is broken in two. Still further south a four-masted schooner is ashore.

### HEAVY SNOW.

Grain Crop in Parts of Wyoming Has Been Virtually Ruined.

Cheyenne, Wyo., Sept. 15.—A heavy snow storm has been in progress here since Sunday. A great deal of snow has fallen, but melts almost as soon as it strikes the ground. From Laramie comes the report of a fall of eighteen inches of snow in twenty-four hours. Reports from the country state that the grain crop in Albany county has been ruined.

### Ten Feet Deep.

Denver, Sept. 15.—Reports from the northern part of the state are to the effect that a storm prevailed there for twenty-four hours. In a number of places snow fell and the storm approached the proportions of a blizzard. In the mountains it has been snowing for several days. In many places snow is reported to be ten feet deep.

Washington, Sept. 15.—In accordance with the decision of Acting Attorney General Hoyt declaring the subpoena served on the postmaster general to appear at a hearing in New York of the case of George W. Beavers, former head of salary and allowance division of the postoffice department, void, the postmaster general has designated Postoffice Inspector Lawrence Letherman as his representative at that hearing.

Turkish Minister Confers With Acting Secretary Ade.

### FIERCE ENCOUNTER.

It Was Fought Between Troops of the Sultan and Bulgarian Brigands, and One Hundred of Latter Fall.

Washington, Sept. 15.—Chekib Bey, the Turkish minister, called at the state department Monday and had an interview with Acting Secretary Ade. A cablegram received by Chekib Bey from his government told of a fierce encounter which took place near Kessie between Turkish troops and Bulgarian brigands, in which over 100 of the latter were killed and a large number taken prisoners. The minister informed Dr. Ade that the operation of the Turkish troops recently has been to the capture of a large number of Bulgarian brigands and that a state of panic exists among them in consequence of the determination of the sultan to suppress their lawless acts. In the encounter many of the brigands escaped while others surrendered. The minister believes that the conflict will have the effect of restoring order in that section. He regards as significant the fact that the Bulgarian Revolutionary society residing in the Turkish provinces which had been supplying the brigands with arms and ammunition have applied to the sultan to pardon. In the light of this gravity of the offences committed the minister thinks it is not probable that the result will be granted. He reported matters at Beirut quiet.

### SEVENTEEN CHARGES.

That Number Have Been Preferred Against Superintendent Harvey.

Guthrie, Okla., Sept. 15.—S. M. Brosius, special agent of the Indian Rights association, has finished gathering evidence against George I. Harvey, superintendent of the Pawnee Indian sub-agency at Pawnee. Brosius left to resume his inquiries in Indian Territory. Brosius said that he had heard of the threat that he would be arrested if he should return to the Indian Territory and was willing to run the risk. Brosius preferred seventeen specific charges against Harvey, who is accused of brutality to children in the Indian schools, of irregularities in the leasing and sale of Indian lands and of manipulating Indian moneys to the advantage of himself and banks in which he is interested. Inspector McNichols of the Indian department is at Pawnee investigating the Brosius charges.

### GRIEF TOO GREAT.

Hatcher's Wife Died and He Shot and Killed Himself.

St. Louis, Sept. 14.—Grieving over the death of his wife, the news of which reached him in a telegram three days after her death, Robert Stockwell Hatcher, aged forty years, of Lafayette, Ind., shot and killed himself in a room at the Planters hotel. Mr. Hatcher was a clerk in the office of Walter B. Stevens, secretary of the Louisiana Purchase exposition.

Five years ago he was reading clerk of the house of representatives in Washington, his wife's former home. Mrs. Hatcher at the time of her death was corresponding secretary general of the Daughters of the American Revolution.

### ASK REVOCATION.

Tillman's Attorneys Do Not Wish Townsend to Preside.

Spartanburg, S. C., Sept. 15.—A motion was entered here Monday before Chief Justice Pope by attorneys representing the commonwealth of South Carolina in the case of James H. Tillman, charged with the murder of M. G. Gonzales, asking for the revocation of the order appointing Judge Townsend to preside at the coming term of the Lexington court when Tillman will be tried. The only objection made by the prosecution was on technicalities. Judge Pope will announce his decision later.

The term of court during which Tillman will be tried will be convened Sept. 21, and it is thought that the trial will consume two weeks' time.

### BOTH FELL DEAD.

Two Young Men Fought a Duel For a Young Lady's Hand.

Chicago, Sept. 15.—A dispatch to the Record-Herald from Abbots Springs, La., says: Frank Allison and Marshall McGhee, two young men in St. Tammany parish, fought a duel to death at the Laithshook camp ground, four miles from Abbots Springs. Both men were rivals for the hand of a young woman and Allison challenged McGhee to a duel. McGhee promptly accepted the challenge and pistols at ten paces were named. The men met at the appointed hour and place and at the command of their seconds "Are you ready, fire?" both weapons were discharged at the same instant and both men fell dead.

### GREAT PURCHASE.

One Hundred Thousand Acres of Land Have Been Bought.

San Luis, Potosi, Sept. 15.—A. L. Brumbeaugh and others have purchased 100,000 acres of land near San Luis Potosi at an average price of \$1 per acre and will colonize 200 families from northwest Texas. The Mexican government will grant the colonists ten years exemption from taxation.

### Letter Intercepted.

Manila, Sept. 15.—A letter addressed to Artemio Artice, former insurgent general, now residing at Hongkong, having been deported from here in 1897, with other chiefs, has just fallen into the hands of the local constabulary. It says money will be sent him and is signed by many prominent insurgents in this city. The government has authorized the enlistment of Moros in the constabulary.

### KODOL digests what you eat.

BRYAN TEXAS, SEP. 15, 1903.

ADAMS TALKS OF CONVICT SYSTEM.

Hon. Cliff A. Adams, State inspector of convict camps, was in the city yesterday en route to Fort Bend county to inspect some of the camps in that county. "Do you know," remarked Mr. Adams to a Post representative during a conversation, "that there has been a great change in the management of the convicts within the past few years? Corporal punishment is fast becoming obsolete. A great many people—in fact the majority of people—imagine when anything goes wrong in the camps that the guards have full sway and can sail in and whip the convicts. This is a mistaken idea. The sergeant who has charge of the camp can not whip a convict without first bringing the matter up and securing a permit from the inspector. I have more than 1800 convicts under my supervision and the permits I issue allowing the whip to be used will not average twenty a month. There are times when it becomes necessary to whip some of the men, but it is never resorted to only in extreme occasions. The men are treated well in every way. There are no tasks on the farms, and the men work an average of nine to eleven hours a day, the length of time depending on the season. They are expected to put in a fair day's work, and if they are sick they are well taken care

of. They get three meals a day, and are not allowed to eat their noon meal out in the sun. Sheds have been provided for this purpose. The practice of allowing the convicts some of their time for good behavior is a great incentive. "The men fight among themselves sometimes, in fact we have more trouble because of this than from all other sources combined. There is a vast difference in the manner of handling the whites and blacks. When I inspect the blacks I line them up and say something that will provoke their laughter—most any sort of a remark will serve the purpose, but it requires different tactics entirely with the whites. You must remember that there are a great many smart men among them, and they must be talked to in a serious manner. We talk to them about their families and imbue them with the desire to live upright while in the penitentiary so that they can return to their families when they are released better men than they were when they were sent away. It used to be said that penitentiaries were schools for criminals. In a measure this was true, but today conditions are different and are becoming more so every day.—Houston Post.

Accurate to the Letter.

"Understand you had a fight with Jones. How was it?"  
"Oh, it wasn't much of a fight. Jones blustered around and threatened to thrash me. I dared the coward to lay a hand on me, and he didn't take the dare. It wasn't much of a scrap."  
"Why, two or three persons told me he kicked you into the gutter."  
"Well, that wasn't laying a hand on me, was it?"—Ex.

### HUNTER & CHATHAM,

Men's Furnishers.

### MALLY GETTING INTERESTED.

Suggests One Hundred Acres as Starter for a Commercial Orchard.

Mr. F. Marion Law has just received the following letter from Prof. F. W. Mally of Garrison, Texas, formerly state entomologist relative to the proposition to develop the fruit industry in Brazos county. The letter shows we are getting the resources of this section prominently before the people of the state through the Business League and the press:

GARRISON, TEXAS, SEPT. 12, 1903.

F. Marion Law, Esq., Bryan, Texas. Dear Sir:—I have noted the press reports of the interest being aroused in your section concerning fruit culture and large commercial orchards and congratulate your League upon the good work it is doing in that regard. I note that 500 acres is suggested as a beginning. This is well but need not be so large for a commercial orchard used as a missionary, as it were. One hundred acres would be large enough, though 500 acres would of course be better.

Are any steps being taken to organize this company for orchard development? If so, I might be of service to you as I have been closely associated in the development of a number of large orchards and am managing several and do most of the nursery work for all of them. If steps are being taken you should be very careful of the location and at the same time careful of the trees and varieties selected.

I should like to be notified of any wants along that line and to make you an offer to furnish the trees for such an orchard. I would take a special pride in the matter and give a great deal of my personal time and attention to the preliminary work of getting the trees well planted and started right in the matter of cultural development.

Shall always be glad to coop-

rate with your League in any way possible for the industrial development of your section.

With regards and very best wishes. Very sincerely yours,  
Fred W. Malley.

### RETURNED FROM GUAM.

Waco, Texas, September 14.—Lovick P. Pinkston is in the city on a visit to relatives. He has just returned from the island of Guam, where he has been in the civil service for the past four years. He will remain in Waco for a short time and will go from here to Washington with the hope of getting into the marine service.

Mr. Chamberlain has suddenly turned back the leaves of history and has all England agog again with tariff discussions. The tariff proposed by him is unpopular, and indications are it will be defeated. The tariff is good in England or America or anywhere else only for one thing—the making of millionaires and promotion of trusts.

On account of the East Texas Carnival the I. & G. N. railroad will sell round trip tickets to Palestine Wednesday Sept. 16, fare round trip \$1.50. Good to return until Sept. 18. 242

### BACK AT WORK.

Alaskan Boundary Commission Reassembles at Foreign Office.

London, Sept. 15.—The Alaskan boundary commission reassembled at the foreign office and oral arguments began. Additional interest is lent to the proceedings by statements attributed to some Canadians that their country will seriously resent an adverse decision. Nevertheless, only a few spectators, including the wives of the commissioners and counsel, were present when Attorney General Finlay rose and commenced the presentation of the Canadian argument. It was evident that the commissioners at first were not deeply interested in the attorney general's statement. Having considered the documents already presented, the commissioners felt that they were as familiar with these facts as any one of the counsel. Arguments were more for the purpose of removing any doubts which counsel may feel exist in the minds of members of the tribunal. Agents of the governments, however, sitting on either side of the table behind which the commissioners sat and counsel occupying a desk in the center of the chamber, followed the attorney general's address with the closest attention.

### ALL ALIKE.

Miss Todd Says She Treated All Patrons of the Office Courteously.

Wilmington, Del., Sept. 15.—Miss Huldah Todd, postmaster at Greenwood, Del., whose removal from office by the postmaster general because she was obnoxious to United States Senator Allee attracted the attention of the entire country, has given up the disputed office to Jacob Houseman, who was appointed as her successor. Miss Todd got out quietly after obtaining a receipt from Houseman that will release her and her bondsmen. She was indignant, however, when asked about the statement from Washington that the postoffice was used as a meeting place for factional Republican opponents of J. Edward Addicks and the Union Republican party and that she announced Union Republicans when they came to the office on business. Miss Todd said: "I treated all patrons of the office with courtesy. Whether they were Republicans, Union Republicans or Democrats made no difference to me."

### BOER COLONY.

The One in Mexico Said to Be in a Flourishing Condition.

City of Mexico, Sept. 15.—The Boer colony in the state of Chihuahua is prospering, although of but recent foundation. There are at present only seven families on the land and they have set to work to make the most of their holdings, being very practical people. General Snyman says that the Boer women are thoroughly contented and happy. The Boers feel that their troubles are now wholly of the past and appreciate the generosity and helpfulness of the Mexican government.

### GREAT DOWNPOUR.

Rain Has Descended on Parts of Alabama and Georgia.

Atlanta, Ga., Sept. 15.—Local weather bureau advices are that heavy rains have visited the eastern and southwestern portions of Alabama. In some localities the downpour has broken all previous records and cotton is badly damaged. The storm has remained central near Montgomery up to Tuesday. At Griffin, Ga., the rainfall was 5.45. Southwestern Georgia had a torrential downpour.

### NOT DOG BITTEN.

Yet Thomas Flynn Died With Every Symptom of Hydrophobia.

New York, Sept. 15.—After suffering for a week all the tortures of hydrophobia and exhibiting unmistakable symptoms of the disease, Thomas Flynn is dead in a hospital here. Flynn never had been bitten by a dog, mad or otherwise. The doctors say his is the first case of the kind on record.

## TAILS OF DISASTER

They Have Been Received by Mail and by Passengers.

### PALM BEACH DAMAGE

Opera House at That Place and Also Eight Business Blocks Are Severely Shaken—A Number Are Drowned.

Jacksonville, Fla., Sept. 15.—Further details of the storm disaster have been received by mail and by passengers on incoming trains.

The steamer Inchulva of Liverpool, owned by the Inch Shipping company, from Galveston, lumber and cotton seed meal for Hampton Roads, went ashore near Boynton. The ship's steering gear broke and she floated into three pieces. The captain and fourteen of the crew were saved. Nine were drowned, among them the engineer. The small boat with five men was battered to pieces by the waves and its occupants drowned.

The schooner Mathat Thomas, 750 tons, Captain Watts, cargo of lumber from Apalachicola for Baltimore, was wrecked nine miles south of Jupiter. The schooner is split in half. The crew were all saved.

At Palm Beach the damage was serious. Grunber's opera house was partly unroofed, as were eight other business blocks, which were also damaged in other ways. The Lake Worth News was a heavy sufferer. All the boats on the Lake Worth water front, excepting three, were wrecked and sunk. The Hotel Royal Ponceania was slightly damaged.

Two lives were lost in Tampa by the storm. Louis Baron, a cigar maker, who was struck by the falling cornice of a building, died. His skull was fractured. T. Y. Hunnicut, a motorman, met his death near the Cuesta Rey Cigar factory in West Tampa. He received a shock from a live wire which proved fatal. The conductor, who came to his assistance, was also severely shocked.

The spire of the Buelah Baptist church, colored, was torn from the building and carried across the street. The gable ends of the Avery and Owens building, adjacent to the Seaboard Air Line depot, were torn completely away. In Ybor City several factories were badly damaged.

The property loss at Tampa will reach at least \$50,000.

It is estimated that half of the orange crop has been cut off around Tampa and one-fourth on the east coast.

### WINTRY WEATHER.

Snow, Rain and Sleet Have Done Great Damage to Grain.

St. Paul, Minn., Sept. 15.—Snow and rain has damaged crops in the north-west during the past week to the extent of millions of dollars. Nearly all the grain in shock, estimated at 50 per cent, and all the standing grain, much of it flax, is buried under snow and water. The rainfall was eight inches in forty-eight hours. Rain and sleet prevail all over the northwest. Railroad tracks are washed out and trains abandoned. Trains from the Pacific coast are from ten to twenty hours late.

### Worst in Three Years.

Minot, N. D., Sept. 15.—Two feet of snow covers the ground and trains are greatly delayed. A special from Kenmore, N. D., says one foot of snow covers the ground, with snow still falling. It is the worst storm in three years. At Medora, N. D., the snow is ten inches deep.

### Thunder and Rain.

Sparta, Wis., Sept. 15.—A terrific thunder and rain storm struck this section of the state and added to the distressingly wet conditions prevailing. Streets were flooded and much damage done to bridges and country highways. Farm work is practically at a standstill. For three weeks scarcely no threshing has been done and grain in stack is sprouting. Much of Eau Claire county is under water. The damage on account of bridges being swept away and of the bursting of dams will amount to \$40,000.

### One of the Earliest.

Winnipeg, Minn., Sept. 15.—One of the earliest autumn storms experienced in the northwest for years swept over the country on Saturday and early Sunday morning. The only fatality reported comes from Gretna, where an old man fell from a buggy and perished in the storm. At Hartney a man and horse died in the Canadian Pacific yards and in the vicinity other livestock are reported to have perished. Near Minnedosa snow is ten inches deep on the level prairie.

At Boston—New York, 4; Boston, 3.

At Washington—Philadelphia, 13; Washington, 1.

### DEATH OF LOWE.

Member of Squad to Whom Jefferson Davis Gave Himself Up.

El Paso, Sept. 15.—E. P. Lowe, a veteran western editor, who published a weekly known as the Pass City Independent, was found dead sitting at his desk at an early hour Monday morning. He had died alone while checking off his mailing list. The deceased was a veteran of the civil war, having served throughout as a private in a Michigan regiment. He was a member of the squad to which Jefferson Davis, president of the Southern Confederacy, surrendered and was one of the first to contradict the story that Davis wore female attire when captured. He always maintained that the only garment worn by Davis, bearing a resemblance to a woman's clothing, was a shawl, such as was commonly worn by men in those days.

### IS IDENTIFIED.

He Is Alleged to Have Escaped From a Montana Jail.

Victoria, Tex., Sept. 15.—The man who deposited a \$9000 bogus check drawn on a Portsmouth, Va., bank with the Farmers and Merchants' bank of this city and then issued checks against the account and who killed Sheriff Wharton and Deputy Braugh and was himself killed, has been identified as the W. Guy Landers of Georgia, who is wanted at Billings, Mont., where he escaped from jail May 8, 1903.

### RICE CROP.

First of Season Was Taken to Orange on Monday.

Orange, Tex., Sept. 15.—The first rice harvested in Orange county was brought in Monday from the farm of Charles Dabival.

The rice was ready for the reaper and was cut Saturday and was classed as best No. 1 Honduras.

Some of the sacks weighed 195 pounds, cupping 42 pounds to the bushel.

Harvesting will not generally begin in this county for several days, and if no accident befalls the farmers the crops will be a magnificent one.

### SHOT FOUR TIMES.

Negro Resisted an Officer With the Above Result Happening.

Columbus, Tex., Sept. 15.—Will Stallion, a negro, was shot four times by Constable J. E. Nester while resisting arrest on a warrant for burglary with intent to commit criminal assault, issued by Justice Gregory.

The shots took effect in the stomach, right shoulder and left wrist and are considered fatal.

The negro succeeded in getting the constable down and disarming him during the fight.

### Active Work Begins.

San Antonio, Sept. 15.—J. P. Nelson of this city, who has the contract for the grading of the Alice extension of the San Antonio and Aransas Pass, has commenced active work and by the end of the present week will have 120 teams engaged in the grading of sixty miles of the extension, which has already been definitely located.

### New Professor.

Waco, Tex., Sept. 15.—B. H. Dement, a distinguished divine and educator of Louisville, Ky., has accepted the chair of theology at Baylor university as successor of the late Dr. Barrett.

### Lavaca County Bonds.

Austin, Sept. 15.—The controller has approved \$25,000 of Lavaca county bridge bonds.

### BONAPARTE CHOSEN.

Baltimore Attorney Will Investigate Indian Territory Affairs.

Washington, Sept. 15.—It was announced at the interior department that Charles Joseph Bonaparte had accepted the invitation of Secretary Hitchcock to take charge of the investigation of certain Indian Territory affairs and officials under the jurisdiction of the department of the interior.

Scope of investigation, it is said, will be sufficiently comprehensive to embrace all statements within the knowledge of the interior department, including all that have appeared in the

CHARLES J. BONAPARTE.

public press, and all other matters that may at any time come to the notice of the investigating officials which in any respect reflect upon the official character, conduct or acts of the Dawes commission, or any member thereof and the inspector for the Indian Territory.

While these are primarily the objects of the situation it is understood that it will be extended to such other persons and things in the Indian Territory, over which the interior department has supervision as may be deemed by Mr. Bonaparte to be for the welfare of the service or as may be referred to him by the secretary of the interior.

### Won by High Ball.

New York, Sept. 15.—High Ball won the \$15,000 junior champion stakes for two year olds at Gravesend.

### HYDROPHOBIA CASES.

Cows and Horses Are Dying in One Part of Travis County.

Austin, Sept. 15.—A suit was filed in the district court by the Red River Oil company against the Beaumont Consolidated Oil and Pipe Line company, alleging failure to comply with contract. The plaintiff alleges it entered into a contract with defendant to furnish 10,000 barrels of oil at 10 cents per barrel. The price of oil went up and defendant failed to comply with the contract, to the plaintiff's damage for \$1500.

An epidemic of hydrophobia is prevailing among cattle around Montopolis, this county. Quite a number of cows and horses have died. Farmers are greatly excited over the matter. All efforts to stop the epidemic thus far have failed.

Paymaster General Hutchins of the Texas National Guard is sending out checks to officers and men of the guard. Privates get \$3.90 and major generals \$187 for nine days' work. Julius Quast, an old citizen of Austin, died suddenly at Sour Lake.

### NUMBERS LEAVE.

Depot Platform Piled High With Household Goods and Trunks.

Thurber Junction, Tex., Sept. 15.—Seventy-five tickets were sold here Monday night, and Tuesday trains carried more people to Fort Worth. The depot platform was piled high with household goods and trunks.

Organizer Wardjon and Mrs. Lamphere secured a ride at Strawn and went into the country where cotton picking is in progress to study industrial conditions of agriculturists. Mrs. Lamphere is organizer for the Federal Union and she has taken many into that organization. Unionism may extend to the cotton fields. For over twenty miles the country highways are thronged with moving miners and families. Some will wait for work at Strawn, where operations open Oct. 1.

### Quiet at Strawn.

Strawn, Tex., Sept. 15.—The situation here is quiet. Every available house at Lyra is being used for furniture.

### RESUME OF POINTS.

What Bulgaria Has Just Presented to the Interested Powers

Sofia, Sept. 15.—Following is a resume of points in a note which Bulgaria has just presented to the powers: What the Bulgarian government has foreseen, as expressed in its note of June 29, the development of affairs in Turkey has become amply verified. The Turkish government is systematically annihilating the Bulgarian people. The mobilization and concentration of such great forces in European Turkey, under pretense of suppressing the revo-

NAZIM PASHA.  
[New vail of Beirut.]

lution, gives Bulgaria reason to suppose that at an opportune moment she will be attacked by Turkey. The Bulgarian government can no longer remain indifferent to the presence of such a situation, the nature of which is calculated to bring about hostile conditions between Turkey and Bulgaria. If the great powers do not take measures to give the sublime porte advice as to wisdom and moderation, the Bulgarian government will be obliged to take necessary steps and be ready for every eventuality and to not be taken by surprise.

### MAN AND DOG.

They Manage to Keep a Crowd at Bay and Former Escapes.

New York, Sept. 15.—Armed with a double-barreled shotgun and accompanied by a ferocious bulldog, George Willingmyer kept at bay a score of policemen and several hundred citizens who surrounded him in a swamp near Camden, N. Y. Willingmyer is said to have set the dog on some boys who were teasing him. A crowd gathered and finally he fired twice, wounding a dozen men and women in their limbs, none, however, dangerously. The crowd then chased Willingmyer to a swamp outside the city. He found an old wagon mired there and with his dog held the fort against the crowd. Fires were built and a cordon formed, but Willingmyer managed to elude the watchers and escaped on a train.

### MONKS MURDERED.

Russian Monastery at Jerusalem Reported to Have Been Sacked.

Berlin, Sept. 15.—A dispatch to the Tageblatt from Constantinople reports the Russian monastery at Jerusalem has been sacked by a Mohammedan mob and that all monks therein were murdered.

### Bitten by a Copperhead.

Cameron, Tex., Sept. 15.—Jeff Nesbitt, a farmer of the Salem community, near Cameron, was bitten by a copperhead snake while getting feed from his crib early in the morning.

Every man and woman in good health is eligible for membership under fifty-five years old. Many now are enjoying the benefits of life insurance that would not if not for my efforts.

## MISS MAY MARKELL,

A Society Belle of London, Canada.

MISS MAY MARKELL of London, Ontario, Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

flow in a healthy and natural manner. Menstruation started right is very easy to keep regular through the years of mature womanhood. Then the "change of life" need not be feared. Thus Wine of Cardui is woman's best relief from youth to old age. A million women have secured blessed relief from their sufferings by taking this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing-down pains at the menstrual period. I could hardly stand on my feet and was never real well. Wine of Cardui was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardui cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual

ing this treatment. It relieves menstrual troubles in an incredibly short time. In a simple case of deranged menses Wine of Cardui never fails. To relieve disordered menses is to remove the cause of other female troubles. Any physician will tell you that to remove the cause of a disease renders the cure easy, in fact seldom fails to complete the cure. If you would have the same relief which Miss Markell secured try Wine of Cardui. You can take it without an examination and without any publicity whatever. You can take it in the privacy of your home and secure just as much benefit as if a doctor had prescribed it for you. Thousands of women are feeling the vigor of returning health by taking Wine of Cardui.
